By David Seawell gave my copy as a gift a few years ago...then we went to Ireland this year and stayed in Ballybunion for a couple of nights and got to play golf. I just had to have this in our library again. Sweet book and it has much more meaning now that we have experienced this charming town and golf course. 0 of 0 people found the following review helpful. Best Illustrations Ever By Gregg Humphrey The illustrations are stunning and are among the best of any golf book you will ever own---original watercolors. The book is simply written, on focus, and a delight. 0 of 0 people found the following review helpful. Three Stars By Lee Not a big deal, this is one man's journey playing other golf courses then finally Ballybunion.

Captures the essence of golf on Ireland's Emerald Isle with words and illustrations.
