Nikolai Klimontovich : The Road to Rome (New Russian Writing) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Road to Rome (New Russian Writing):

Klimontovich, like most intellectuals of his generation, suffered from a "confinement complex", lacking the freedom to travel and see the world. This is the subject of his best-selling book *The Road to Rome* relating his picaresque encounters with women from the West as his way of breaking out of stifling Soviet reality and into an exotic and forbidden world.

"The Road to Rome is a veritable Moscow Decameron." -Novy Mir
