**Robert Feldman : The Rockhound's Guide to Montana** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rockhound's Guide to Montana:

1 of 1 people found the following review helpful. The Rockhound's Guide to MontanaBy Mark R. KirkpatrickThis book has traveled thousands of miles with me and helped me to locate and collect a lot of rough. It is a most usefull book to say the least. When I was in the author's home town, I would have gladly shook his hand.If you are going to MT and want to find minerals, buy this book.0 of 0 people found the following review helpful. Five StarsBy piperdiaper59perfect , great information0 of 0 people found the following review helpful. Five StarsBy Michael J. VandykeGreat book
