Sarah Hull : The Rough Guide to Boston (Rough Guide Boston) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to Boston (Rough Guide Boston):

0 of 0 people found the following review helpful. Incorrect picture of New England clam chowderBy Alice HughesI bought this book to explore Boston better, and the information seems to be very accurate. However, as a New Englander, I am a bit perturbed that the picture of our clam chowder is the wrong one! New England clam chowder is cream-based and therefore not the red colored one (ie, Manhattan clam chowder).Just thought I'd mention that so they

will update it for future editions. 1 of 1 people found the following review helpful. correct detailed information
By annI am a big fan of these rough guides, and also this guide about Boston didn't disappoint me. As Belgian people who came to live here in Boston, I wanted to use the guide to know all the highlights to see and to visit in the city. The guide gives a lot of correct and detailed information such as correct prices, openinghours, the time needed to visit things and a correct review. I love all of these guides!

By allie hookway Meh.

This guide to Boston provides accounts of the city's attractions, as well as critical reviews of the best accommodation, restaurants, shops and bars, for all tastes and budgets. It also contains detailed coverage of neighbouring Cambridge, plus excursions to Plymouth, Salem and Cape Cod's Provincetown.

Up-to-date reviews ... Lively and informed discussion ... one of the best guides around The Irish Post
