Deborah Bosley, Jamie Jensen : The Rough Guide to San Francisco, 5th Edition (Rough Guide San Francisco) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to San Francisco, 5th Edition (Rough Guide San Francisco):

2 of 4 people found the following review helpful. Not bad as Rough Guides goBy Leigh MunroThis book has a succinct introduction to San Fran. I found it an excellent guide to the city. The "contexts" at the back put it all into

perspective, too. The dim sum recommendations were good too!

This guide covers the city of San Francisco taking in all the important sites before moving on to the rest of the Peninsula. Key features include: reviews of restaurants and accommodation in every price range; discussion of the city's history, from Gold Rush beginnings through the Summer of Love to today's gay scene; and detailed neighbourhood and transport maps.
