Jules Brown : The Rough Guide to Washington DC, Third Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to Washington DC, Third Edition:

0 of 0 people found the following review helpful. Great guide book!!!By Jenny JI love the entire Rough Guide series of books! They have great maps, provide detail of all the different eating options, sightseeing options, have phone numbers, hours of operation... just everything you would need in one small book!! I've bought the Rough Guide for several different trips in different locations and always been very pleased!4 of 8 people found the following review

helpful. Great BookBy AnonymousThe rough guides dc is great because it contains a lot of sophisticated information and stories. It has a couple lists and tours, I believe, as well as stories. The book includes material on museum collections. This is great because instead of carrying around and wasting so many maps fliers, etc. You have one book with all you need (including maps) in an intelligent format. This book contains hostels, and hotels...Right up my alley.

Exploring the United States' capital from it's museums and monuments to its evolving residential and commerical neighbourhoods - this guide covers the city, it's history and culture in comprehensive detail. There are chapters on bars and clubs; shopping; cafes; restaurants and a reworked chapter on the city's music scene.

About the AuthorJules Brown is a veteran Rough Guide author, who has also written Rough Guides to Scandinavia, Barcelona, England and Hong Kong.
