Joan Leotta : The Shenandoah Valley Book: A Complete Guide (A Great Destinations Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Shenandoah Valley Book: A Complete Guide (A Great Destinations Guide):

0 of 0 people found the following review helpful. Shenandoah Valley bookBy Carolyn DoerrThis book is proving to be a great asset as we plan our first trip to the area. We are looking forward to having it with us on our summer trip and using it to help us find attractions, places to eat, etc. 100% satisfied! Thank you.0 of 1 people found the following review helpful. It's okay but not organized per my liking.By D. KlugThis is primarily organized by county which I find difficult to digest. For example, if I want to know about a decent hotel or restaurant in the Valley, I also have to know what county I'm in.0 of 1 people found the following review helpful. almost uselessBy guy1776I bought this book trying to find info about hiking trails. Instead, it seemed to only have limited info about general travel details that seemed to be copied from phone books or simple websites.

This is the first guide to thoroughly examine and critically describe all that this charming region has to offer. The attractions are varied enough to appeal to all ages and interests. Art galleries, museums, historic sites (colonial era through the Civil War), antiques, theaters, artisans at work, historic homes, hunting and fishing grounds, golf, white-water rafting, wineries, down-home cooking, Shawnee culture, and Mennonite traditions are just some of things that bring hordes of tourists and second-homeowners to this region each year. 100 black white photos and maps, general, lodging, and restaurant indexes.

About the AuthorJoan Leotta is a freelance travel writer for a wide variety of magazines and Web sites including the Washington Post, Family Circle, Selling Power, and Military.com. She is a member of Washington Independent Writers and lives in Burke, Virginia.
