perfect size and had just enough information to make planning a breeze. It's the only book to trust when starting your Orlando plans! 0 of 0 people found the following review helpful. Good for Legoland Florida Info By Jonathan P Drews One of the few, maybe the only Florida guide book with anything on Legoland Florida, which is why we bought it. There were only 2 1/2 pages on Legoland, but it was just enough to help us narrow down our ride choices and make sure we didn't miss the "signature" Granny Fries there. The book could use an index, though. 0 of 0 people found the following review helpful. A Must for Travellers to Orlando By Robyn Adams Fantastic book, highly recommend if you are planning a trip to Orlando. Information on parks, rides and where to eat is great!
